i. Organizational chart

ii. Grievance Redressal mechanism for Faculty, staff and students

Regular meetings of the faculty are conducted in each department under the chairmanship of the respective HOD's. The problems, if any, faced by the faculty regarding the administrative and academic grievances are discussed in the meetings and the concerned HOD's try to redress these grievances at the departmental level and sometimes may refer the matter to the Principal depending upon the gravity of the problem.

The grievances of the staff, if any, are referred to the Registrar and the Principal with a view towards their Redressal. The grievances of the students are tackled by Mentor- Mentee system with a faculty member working as a mentor for about 20 students. The academic problems faced by the students are tackled by the respective subject teachers in consultation with HODs. If any other problems of the students are made known to the college management through the suggestion boxes and remedial measures for the Redressal of these grievances are taken at the proper level.

Mechanism/ Norms and Procedure for democratic/ good Governance

While providing all the necessary facilities to the students, faculty and staff, the system takes care of procedures and good governance for overall improvements in Teaching – Learning process, Administration, infrastructure and facilities of the institution feedback from Students.

To take care of these, following are the committees appointed for various purposes:

1. Anti-Ragging Squad Committee
2. Grievance Redressal Committee
3. Committee for SC/ST
4. Internal Complaint Committee
5. Internal Quality Assurance Cell

Financial support is provided to faculty and students for participation in Competitions, conferences and Faculty Development programs etc. Special efforts taken in the field of research, social causes etc. are recognized by the institute. Academically weak students are supported by offering remedial coaching in the departments and providing special attention. Suggestions boxes are kept at easy-to-approach places in the campus. Suggestions received in the boxes are sorted out and passed on to the respective committees. Even anonymous suggestions are attended by respective committees.

- i. **Describe each criterion with its respective weightages i.e. Admission Test, marks in qualifying examination etc.**

(1) Maharashtra State Candidature Candidate

- (i) The Candidate should be an Indian National;
- (ii) Passed HSC or its equivalent examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry or Biotechnology or Biology or Technical Vocational subject or Computer Science or Information Technology or Informatics Practices or Agriculture or Engineering Graphics or Business Studies or Electronics or Entrepreneurship and obtained at least 45% marks (at least 40% marks, in case of Backward class categories, Economically Weaker Section and Persons with Disability candidates belonging to Maharashtra State only) in the above subjects taken together and The Candidate should have appeared in all the subjects in MHT-CET 2024 and should obtain non zero score in MHT-CET 2024; Or (ii) Passed minimum 3 years Diploma in Engineering and Technology and obtained at least 45% marks (at least 40% marks, in case of Backward class categories, Economically Weaker Section and Persons with Disability candidates belonging to Maharashtra State only) ; Or (ii) Passed three years D. Voc. Stream in the same or allied sector;

(2) All India Candidature Candidates, Union Territory of Jammu and Kashmir and Union Territory of Ladakh Migrant Candidature Candidates

- (i) The Candidate should be an Indian National;
- (ii) Passed HSC or its equivalent examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry or Biotechnology or Biology or Technical Vocational subject or Computer Science or Information Technology or Informatics Practices or Agriculture or Engineering Graphics or Business Studies or Electronics or Entrepreneurship and obtained at least 45% marks (at least 40% marks, in case of Backward class categories, Economically Weaker Section and Persons with Disability candidates belonging to Maharashtra State only) in the above subjects taken together and should obtain non zero positive score in JEE Main (B.E/B.Tech) or the candidate should have appeared in all the subjects in MHT-CET 2024 and should obtain non zero score in MHT-CET 2024. However, preference shall be given to the candidate obtaining non zero positive score in JEE Main(B.E/B.Tech) over the candidates who obtained non zero score in MHT-CET 2024; Or (ii) Passed minimum 3 years Diploma in Engineering and Technology and obtained at least 45% marks (at least 40% marks, in case of Backward class categories, economically Weaker Section and Persons with Disability candidates belonging to Maharashtra State only) Or ;
- (ii) Passed three years D. Voc. Stream in the same or allied sector;

(3) NRI / OCI / PIO, Children of Indian workers in the Gulf countries, Foreign National

(i) The candidate should have passed the HSC or its equivalent examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry or Biotechnology or Biology or Technical Vocational subject or Computer Science or Information Technology or Informatics Practices or Agriculture or Engineering Graphics or Business Studies or Electronics or Entrepreneurship and obtained at least 45% marks in the above subjects taken together;

(ii) Any other criterion declared from time to time by the appropriate authorities defined under the Act.

ii. Mention the minimum Level of acceptance, if any

HSC or its equivalent examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry or Biotechnology or Biology or Technical Vocational subject or Computer Science or Information Technology or Informatics Practices or Agriculture or Engineering Graphics or Business Studies or Electronics or Entrepreneurship and obtained at least 45% marks in the above subjects taken together; Candidate should have appeared in all the subjects in

MHT-CET 2024 and should obtain non zero score in MHT-CET 2024. Or Candidate should obtain non zero positive score in JEE Main

iii. Mention the cut-off Levels of percentage and percentiles score of the candidates in the admission test for the last three years

Institution frequently updates its IT facilities including Wi-Fi

IT infrastructure is an essential pillar of the institute to support academic and administrative services. To cater to the volume and speed of services updating the IT infrastructure is unavoidable.

- Institute makes provision in the financial budget every year for adding recent computers and software to support updating of IT infrastructure.
- The institute has upgraded its computing infrastructure from dual-core systems to Core i3 and Ryzen 3 computers, and has further added Core i5 systems from time to time. At present, the institute has a total of 799 computers and laptops. All systems are well networked to provide internet facilities.
- More than 777 computers, are networked in LAN and are supported with internet bandwidth updated from 100 Mbps to 300 mbps, through OFC. Besides, separate internet connectivity, through 25 Wi-Fi hotspots, provides Wi-Fi connectivity 24x7.
- All the classrooms are equipped with interactive panel systems to enable for presentations, videos etc.
- All the IT infrastructure is provided with software support that is updated from time to time. System software is updated from Linux-Ubuntu, Windows to open source Ubuntu 19 and Windows 10.
- Tally ERP 6 software used for accounting is updated to Tally ERP 9 release 6.4.8 in 2018 with latest supports.
- Institutes office is supporting students through dedicated ERP software since 2013 is further updated with additional features in 2018.
- The institute previously provided library support through the Libreria website (<http://libreria.org.in/KBPCOELIB>) and an FTP server accessible only via the intranet; however, it has now transitioned to using the Koha Library Management Software, with the FTP server upgraded for internet access.
- The 120 CCTV surveillance facility was installed & Maintained

- The laboratory application software like MATLAB, ANSYS, Quartus-Prime, PROM, Altera / Intel, Cut milling View, Festo hydraulic and pneumatic, Bandicam etc. are installed with the updated version.
- Free Open Source Software (FOSS) learning facility in collaboration with IIT Bombay. It is further upgraded to provide NPTEL courses by setting up NPTEL local chapter. Learning of MOOCs and Swayam courses is also facilitated at this center.
- A dedicated language laboratory upgraded with the latest computers and software in 2026 that facilitates language learning interface.
- The Virtual Laboratory is set up with the latest computers and supporting software, that facilitates remote access to equipment at national level laboratories for experimenting.
- Institute has its website www.kbpcoes.edu.in updated time to time with recent updates on site.
- Independent IT cell maintains the IT Infrastructure and updates it suitably

LAN and Wi-Fi facility

The college has a structured LAN and internet network facility with 300 Mbps Lease line capacity we are having internet service provider is Neha Infonet Pvt. Ltd. Network is in 3 tier architecture comprising of the Core, Distribution & Access. All the end users/workstations are connected through 100/1000 base ports. All the LAN attached users are connecting to the Access Switch Based on the Security Policies associated to them. Boys & Girls hostel having individual 25 Mbps Wi-Fi facility.

Centre of Excellence – Equipment Details

The Centre of Excellence is not only a learning hub but also a **technology support center for surrounding industries**. The advanced tools and technologies procured through the CoE can help **micro, small, and medium enterprises (MSMEs)**, startups, and established industries improve productivity, reduce prototyping costs, and access automation and digital transformation support. Below is how each major setup will aid industrial collaboration:

- **AI-ML & HPC Lab:** Can be used by industries for **data analytics, predictive maintenance modeling, and AI model training** for quality control, logistics optimization, and forecasting.
- **Smart Robot Kits & Autonomous Systems:** Useful for **R&D support in robotics**, testing embedded systems, and simulating real-time industrial problems before deployment.
- **Industry 4.0 Smart Factory Setup:** Demonstrates end-to-end automation. Local factories can **collaborate with the institute to upskill their workforce**, simulate their own factory layouts digitally, or evaluate new automation processes.
- **3D Printer & 3D Scanner:** Local industries and startups can **outsource rapid prototyping, part design, reverse engineering, and component optimization** to the CoE. It reduces tooling and iteration cost.
- **CNC Lathe Machine (LMW Smart Ultra):** Available for **precision manufacturing, training operator staff, and testing G-code setups**. Industries can perform **trial batches** of new designs before actual production.
- **Mechatronics, Pneumatic & PLC Trainer Kits:** Industries can utilize these for **employee training**, especially in **assembly line automation and troubleshooting**. Consultancy in automation upgrades can be initiated here.
- **Drone Technology Lab:** Offers a platform for **aerial survey companies, agri-tech startups, and municipal applications** to test and develop UAV-based solutions.
- **Electrical Installation Trainer (Schneider):** Ideal for training **contractors, industrial electricians**, and for demonstrating **energy-efficient electrical design** solutions.
- **Simulation Software (e.g., SimuCNC, PLC simulation kits):** Companies lacking internal simulation tools can collaborate to **digitally test their process flows** before investing in hardware.

xv. Innovation Cell:

Institution's Innovation Council (IIC) in collaboration with AICTE to systematically foster the culture of innovation and start-up ecosystem in education. The Institution Innovation Council (IIC) conducts various activities as per the **IIC Calendar** for faculty, students and staff to promote various innovation and entrepreneurship related activities.

Major focus of IIC

- To create a vibrant local innovation ecosystem and start-up supporting mechanism in the institute.
- Prepare institute for Atal Ranking of Institutions on Innovation Achievement Framework.
- Establish Function-Ecosystem for Scouting Ideas and Pre-incubation of Ideas.
- Develop better Cognitive Ability for Technology Students.

xx. Teaching Learning Process

The teaching-learning process is student-centric activity and academic planning is done accordingly. The college emphasizes on enhancing involvement critical thinking and creativity among students by incorporating student-centric methods in the teaching-learning process. The College provides state of the art seminar halls and E-classrooms with infrastructure for ICT enabled teaching and learning. Experiential Learning: Industrial and field visits, Internships Problem Solving Approach: Assignments and tasks are given to the students to enhance their thinking ability. Integrative tools like Gnomio, MOODLE, Kahoot, Blog space are used by the faculties to conduct online quizzes and for giving assignments. Participative Learning: Students are encouraged to access the library. The Institute has established a digital library for the ease of the students. Well stored library with books, journals and magazines. This facility is a boon for any student willing to find a text or reference. Online resources are also provided through these libraries. The scope of learning widens giving students an education that is beyond the syllabus. Group Discussions and seminars are arranged. Project-based Learning: Project- based learning used to accelerate the learning process by getting students' involvement in finding technical solutions to the given problem statement.

Details of the Activity:

A Library-Based Learning Activity was organized for **B.Tech CSE – Big Data Analytics** students to encourage independent research and analytical skills development. The activity aimed to help students explore recent advancements, case studies, and practical applications of Big Data Analytics by utilizing library resources.

A total of **145** students participated in this activity, conducted on **alternative days** — with **Division A** and **Division B** attending on separate days to ensure proper guidance and effective engagement.

During the session, students were instructed to:

- Search and study **different journal papers, research articles, or magazines** related to Big Data Analytics.
- Select one relevant topic or application area and analyze it in depth.
- Write a **case study or summary report** based on the chosen paper or article.
- Submit the completed case study **within the assigned deadline** through Google Classroom or in hard copy format.

The activity provided a hands-on research experience and helped students bridge the gap between theoretical knowledge and practical applications in the domain of Big Data.

Number of Students Participated:

145 (Division A & B)

Learning Outcome:

- Students developed the ability to search, review, and analyze scholarly and technical resources related to Big Data Analytics.
- They gained exposure to **real-world applications, challenges, and innovations** in the field.
- Students improved their **research writing and case study documentation skills**.
- The activity promoted **independent learning and critical thinking**.
